On our team change to directors content for mungai

Mungai brings extensive experience in debt funding for the MSME market and is the founder of Mould Capital, which provides working capital to micro and small enterprises excluded by traditional banks. This sector, though high-risk, greatly impacts the real economy. Before shifting to lending, Mungai led a successful software company delivering IT efficiencies to corporates across East Africa.

For njoki

Here's a condensed version of the text in 640 characters:

Ms. Muthuuri is Co-Founder and Managing Partner at Mamlaka Kenya since 2015, with over 15 years in SME Development Finance and Technical Capacity Building. Before Mamlaka, she led a telecom infrastructure firm in South Africa and served as Corporate Finance Director at Mamlaka South Africa. She successfully raised USD 40 million for iBurst and USD 70 million for Farmers World Malawi's agriculture facility. Additionally, she secured USD 90 million for SME on-lending in Kenya for CBA Bank.

For thomas

Thomas has over 13 years of corporate finance experience, including his role as Vice President at Citigroup's Corporate and Investment Banking Division in New York. He managed global revenues of \$3.5 billion and focused on strategic planning and joint ventures with foreign financial institutions. Additionally, he is the founding partner at AEPLLC, specializing in mining and energy investments in Africa.
